

# Syllabus

## Enhancing the Design

**Class Objective:** To educate students on ways to take simple designs and enhance them, so they become special.

**Completion of Class:** Students will have a basic understanding of how color, shape and size will change a balloon sculpture dramatically and have a head design that can be used for a verity of different characters.

**Class Level:** Basic

**Class Format:** Lecture and Hands On.

**Material Needed:** Balloon if you choose to twist along.

**Length of Class:** 60 Minutes

**Date:** Tuesday, September 25, 2007

**Session:** #5

**Time of Class:** 5:30-6:30

**Cost:** \$5.00 US – Tips accepted.

**Instructor:** Ken Ernsberger

Ken Ernsberger has been sculpting balloons and performing magic for thirteen years. He became involved with balloons and magic to fill a need for teaching aids in his children's church ministry. Ken loves to share what he has learned from others with his own little twists and tweaks added in.
