## Restaurant Sculptures

**Class Objective:** To demonstrate the making of several multi balloon creations that can be made quickly enough to be used for restaurant entertaining and still have that ‘WOW’ factor. One of the designs to be taught will be a game and included will be the routine I use with it. It’s a real crowd pleaser.

**Completion of Class:** Class will be completed when the 90 minutes are up? ;-) OK, OK, by the time class is over, students will have received detailed instructions on how to make as many designs as we can get through in our allotted time. The faster we work, the more designs will be demonstrated. These designs will most likely include several hats, a game, a banjo, and some of animals.

**Class Level:** This class is geared to the intermediate and advanced twisters. However, I feel that a motivated beginner with a basic knowledge of twisting could make most if not all of the sculptures being taught.

**Class Format:** Hands On. Question and answer time at the completion of each sculpture if needed.

**Material Needed:** Balloons: 160s, 260s, 5” rounds, and 350/360s, scissors, a way to inflate your balloons, 1 black Sharpie, camera if you want to take step-by-step photos, pen and note paper if you want to take notes. **Please no video taping of this class unless prior arrangements have been made with Bonnie.**

**Length of Class:** 90 Minutes

**Date:** Tuesday, September 25, 2007 or Wed

**Session:** #3

**Time of Class:** 2:00 pm – 3:30 pm

**Cost:** \$5.00 US – Tips accepted.
