MAGICAL BALLOON-DUDE DALE

BIO

If you ask Dale where he learned his skill, he will tell you from a bunch of twisted people. While attending college he met a group of professional entertainers, which met every Monday and would practice in the gym. Always wanting to learn how to juggle, Dale joined this merry group.

He learned from world-class jugglers, unicyclist, magicians, clowns, balloonist, fire-eaters, theatrical entertainers, and vaudevillians. I did not realize at the time how lucky I was to be working with such talented people and the skills and techniques that were freely given to me.

I have used all my entertainment skills over the years, but have decided I would rather be a Master of one form of entertainment, then be average. So a Master Balloonist I am, and a sold multi talent entertainer when needed.
