

Day Camp Entertainment

AWESOMELY CAPTIVATING

Comedy and creativity are twisted together making the imagination soar when kids watch the ordinary transform into the extraordinary. You will hear the laughter from your quiet campers, high energy campers will mellow, as their eyes are riveted to the action, and later in the day, you will hear the whispers as the campers talk about the show and the day's activities.

Dale's charming camper interactions, exceptional balloon skills, and wonderful comedic dialogue twist memorable large balloon figures that will have campers cheering in delight, as they watch their fellow camper on stage.

Performing since 1988, Dale's comedy and artistry never fail to win over even the most demanding, hard-to-please campers.
